### NOTES:

Specialized Technical services will repair, service and support proprietary Specialized suspension for current year models up to 5 years.

Specialized branded components and co-branded suspension parts such as BRAIN equipped forks and shocks have a 2-year Warranty from the date of original retail purchase. Warranty of a product can be denied if regular service intervals have been neglected. See the Limited Warranty policies for more details.

Prices include standard seal kits only, if additional parts are required the cost will be quoted prior to commencing work.

S-Tune (Custom Tuning) is available on some product upon request. Add \$20+ to Dealer Cost for Labor. Price does not include any additional parts.

Please refer to product Owner's Manual for detailed service and maintenance schedules.

Please ensure products are clean and sent in with Service Forms (+ POP if Warranty Assessment). If product is leaking, please use a rag and zip-lock bag to avoid leaking in transit.

*Prices subject to change without notice.*

*Some older models of Specialized Forks/Shock are no longer supported, please call Specialized Technical Services if you are unsure.*
